ABOUT ME

A passion for designing that lets me fill the creative gap in any project. I had developed an attachment for designing at an early age and planned to transform my dream into a reality by pursuing a career in the same. My motive is to make other people picture the same idea that had taken root in my brain by my design. A team player and communicator in my field.

WORK EXPERIENCE

JAVA PROGRAMMING

I had Completed 4 weeks of a virtual internship at CODSOFT

Bloodhub

I had developed a bloodhub donation website for final year project
